Invitation

Dear Colleagues,

Greetings from Delhi!!!

On behalf of Organising Team of RAC 2024, it is with great pleasure that I invite you to the '**First Knee & Hip Revision Arthroplasty Conference (RAC) - 2024**,' scheduled to take place at Hotel '**The Grand**,' New Delhi, on the **13th, 14th, and 15th of December 2024**. This will be a unique, three-day conference dedicated exclusively to Revision Arthroplasty of Knee & Hip!

Revision Arthroplasty of the knee and hip has seen significant growth in recent years. Unlike Primary Arthroplasty, Revision Arthroplasty presents a unique set of challenges, requiring meticulous pre-operative planning and execution to ensure the desired outcomes and longevity of the implants. The decision-making process, particularly for beginners, can often be daunting, especially when it comes to selecting the appropriate implants and technique.

Recognizing the need for a dedicated scientific meet, this conference has been designed to focus exclusively on the intricacies of Revision Arthroplasty. Our program will delve into essential aspects such as pre-operative planning, tips and pearls for using Revision implants, and techniques to achieve desired results and longevity of the implants.

We have invited a distinguished panel of both International and National authorities in the field of Revision Arthroplasty.

We will also have various "Hands-on-Workshops" dedicated to Revision Arthroplasty techniques and implants.

This scientific meet will have no theoretical lectures but mainly two-way discussions. This conference will also feature strategies for overcoming intraoperative surprises and challenges. Our goal is to ensure that every participant leaves with clear, practical takeaways that can be applied directly to their practice too.

I encourage you to join this scientific meet for an enriching experience.

With Best Wishes,

Dr (Prof.) Anil Arora
